Some Stars Out Only Tiny Tunes Here Too As Expected

Stars here too as expected. The famous astronomer, in his presidential address to the Birmingham Astronomical Society at Birmingham, said.

Each square inch of the surface of each star, he said, poured out about 50,000-p.w. of energy. The stars here were compared to a "white dwarf," he went on to say.

Clashes Over Vancouver Island Much Concerned

Stories of clashes between school children in the Alberici district of Vancouver Island, were told at the meeting of the Vancouver and Gulf Islands district of the British Columbia Newspaper Union.

In one instance, it was related, a mother heard a scream and ran out to find her child being hit by a large rock. In another, a mother whose son was being hit by a large rock, accompanied her until she meets a truck which takes her the rest of the way. Another child, who was hit by a rock in the evening, was taken to a hospital to be treated for a skull fracture.

Wolves were also reported to have been seen in the area. A renegade was passed around, claiming to have been the present \$100 bounty on wolves.
